16.Academic bank of credits (ABC):	
As per the National Education Policy 2020, the Academic Bank of Credit (ABC) is going to be implemented by the university to facilitate academic mobility of students. Our institute is also adopting the policy guidelines for the appropriate credit transfer. The Institute has been following the pattern of CBCS adopted by the university. The university has informed the institute about the necessary action for implementation of ABC. The faculties of our institute instructed the stakeholders regarding the same. The University is likely to conduct the workshop/seminar for implementation of ABC. The institute appointed a faculty member as Nodal officer for the execution of guidelines given by the university.	
17.Skill development:	
Our college plays a vital role in empowering rural communities through skill development programmes. These initiatives are aimed at equipping individuals with practical skills that increase their employability and contribute to the economic growth of the region. Major Skill Development Programmes: Skills related to Agriculture: Modern Farming Techniques, Animal Husbandry and Agricultural Processes. IT Skills: Basic computer and digital literacy. Handicrafts and Traditional Arts: Weaving and Embroidery. Entrepreneurship Development: The college provides training and support to aspiring entrepreneurs in rural areas. Marketing and sales strategies. Access to finance and micro-credit schemes. Skill-Based Learning: The college integrates skill-based learning in its academic curriculum, which enables students to acquire practical knowledge along with theoretical concepts. This approach prepares them for the challenges of the job market and encourages self-employment. The college actively engages with the local community through workshops, seminars and awareness programs on various skill development opportunities. It helps create awareness about the importance of skill development and encourages individuals to take up vocational training. Impact of Skill Development Activities: Reducing Unemployment: By equipping individuals with	

in-demand skills, these initiatives contribute to reducing unemployment rates in rural areas. Increased income generation: Skill development empowers individuals to start their own businesses or seek better employment opportunities, thereby increasing income and improving livelihoods. Women's Empowerment: Many of these programs specifically target women, empowering them to become financially independent and contribute to their families and communities. Rural Development: By promoting entrepreneurship and promoting self-reliance, these initiatives contribute to the overall development of rural areas.

18.Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course)

The institute is actively engaged in spreading the rich heritage of our country and traditional knowledge in the fields of arts, literature and culture. We adopted three-language system for running the programmes of UG and PG. We use English as an international language, Hindi as the national language and Marathi as a state/regional language in our curriculum. Subjects in the faculty of Humanities are taught in bilingual mode i.e Marathi and English. To preserve and spread Indian culture and tradition, we organized various competitions such as Rangoli, Dance, Singing, etc. and various programs such as Marathi Bhasha Savardhan Pandharwada. We inculcate Indian culture and values through various activities round the year.

19.Focus on Outcome based education (OBE):Focus on Outcome based education (OBE):

The college works on different fronts to achieve the various parameters of Outcome Based Education. In addition to the committed teaching to develop deep knowledge of respective disciplines, several activities were conducted to develop critical thinking and problem-solving abilities among the students. Unit Tests, Semester-end examinations, tutorials and assignments helped in identifying the Course Outcomes of the students. The employer and the alumnae feedback (Formal & Informal) also helped in measuring the Course Outcomes. The progression of the students to higher learning programmes helped the institution to measure the Programmes Education objectives. The code of conduct for students and staff inculcates professional and work-place ethics.

20.Distance education/online education:

The teachers conducted their classes using different online platform such as UpGrad, Google Meet/Classroom, Zoom etc. Many of the teachers recorded their lectures and uploaded them on the

YouTube and shared them with the students who could watch according to their convenience and connectivity.

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The curriculum is designed by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur to which this institution is affiliated. Naturally we follow the syllabi prescribed by it in all the subjects. Ensuring effective curriculum delivery through a well planned and documented process is the primary concern of the institution for which the following initiatives are taken:-

1. A staff meeting is convened by the Principal in the beginning of every academic year to devise strategies for effective implementation of the curriculum. An academic calendar of the college is prepared in accordance with the one given by the university. Workload is distributed among teachers as per the existing norms and time table for the year is prepared.

2. The Principal ensures that the teachers prepare annual teaching plan, maintain a daily diary and strictly adhere to the academic calendar prepared by the Institution and curriculum is completed well within time.

3. Audiovisual aids are frequently used in the classroom and library for making the teaching learning activity interesting and student friendly.

4. Periodic tests are conducted, assignments are given and viva-voce are taken to assess student's progress. Quality reading material is provided to students besides books recommended by the university.

1.1.2 - The institution adheres to the academic calendar including for the conduct of Continuous Internal Evaluation (CIE)

The college prepared the academic calendar in the beginning of the academic session, got it approved by the IQAC and displayed it on the college notice board for information of the students. The tentative dates of unit tests, curricular as well as cocurricular activities, inter class sports tournaments, university examinations, holidays and vacations, etc. are mentioned therein. However, some activities had to be dropped from it this year because of the irregular attendance of the students. The subject wise teaching plan was designed and followed both in online and offline mode. The courses were completed to the satisfaction of the students in due time. The students were given enough time for preparing themselves for the university examinations.

1.3 - Curriculum Enrichment

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The institution regularly organizes birth and death anniversaries of eminent national personalities to imbibe human values in the students. Programmes on social issues such as human rights, civic responsibilities, cleanliness, climatic changes, nutrition, etc. are also organized. Educational tours are organized and surveys are conducted as part of the curriculum. Blood donation camp, road safety camp, de-addiction camp, etc. are organized. AIDS awareness Day, World No Tobacco Day, Samvidhan Day, etc. are celebrated every year.

Taking the present social condition and the increasing atrocities on female citizens into account, students are given basic training of karate for self-defence. Tree plantation is a regular feature of the institute. Maintaining garden of medicinal plants is one of our best practices.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Students are admitted through interview process and teachers get a general idea of the students there itself. The heterogeneous background of the students poses a real challenge to teachers which they accept readily.

Teachers give special attention to assess the learning levels of the students in the initial period in every academic year and devise strategies to address the issue of students' diversity. Once the slow learners, average learners and advanced learners are identified, they are given assignments and advice as per their level. Extra classes are taken for slow learners. Tutorials are conducted in small batches in subjects like English. Advanced learners are also taken help of to encourage the slow and average learners.

Above average and advanced learners are encouraged to come forward and express themselves in different situations inside the classroom as well as outside it. They are given ample opportunities to participate in co-curricular and extracurricular activities at different levels. They are provided with all possible facilities like books, magazines, computers and internet, expertise from outside faculties.

However, irregular attendance of the students because of the fear of pandemic continued to disturb the otherwise smooth teaching-learning process.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Response:

Students are the main stakeholders in the entire education system and hence it is highly imperative that the methods of imparting knowledge are student centric. The students find the traditional lecture method mundane, monotonous and teacher centric. In our college the teachers are more of facilitators than instructors.

Experimental Learning: It is an age old truth that the things/skills you learn through experiments serve you through your lifetime. We divide our classes into small groups and assign some tasks to the students. Group discussions, topic presentations, etc. help the students understand the subject in a better way and also acquire stage daring.

Participative learning: Students are encouraged to participate in debates, discussions, seminars in the classroom during classes. Objective questions or multiple choice questions are sometimes given to students as a test and they are made to evaluate answer sheets of each other.

Problem solving Method: The students are encouraged to ask questions in order to satisfy their inquisitive appetite. They talk to their peers and try to find out the solution themselves whenever they come across a problem. They approach the teachers

only when they are not satisfied with the solution reached at.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Teachers are encouraged to use more and more audio-visual aids to make their subjects interesting and easy for assimilation to students. We have already installed three roof mount projectors besides having one OHP which is moved from one classroom to another where roof mount projectors are not available. Thus all our classrooms are ICT enabled classrooms. We also have a 42 inch LCD TV set which is used by departments of Marathi and History for showing plays and historical films respectively to the students. They are also encouraged to come forward and recite English poetry, to express themselves in English. Students are made to play language games like Lexicon and Word Building to increase their vocabulary. The students are given certain topics for home assignments by the teachers. Geographical equipments are used to make the subject easier and interesting to students. Various workshops and seminars are also organized to keep them updated about the current scenario. Surveys, field trips, study tours, etc. are conducted to offer them opportunities to abreast themselves with the latest developments. Students are asked to view educational programmes on You Tube.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college persists with the traditional evaluation methods of conducting oral tests during the class, unit tests and prelims at the end of the academic year before the university examinations besides giving the students home assignments as part of Continuous Internal Evaluation. Their performance is recorded at every stage and corrective measures are suggested. The students are divided into groups and are made to discuss certain problems. They are also encouraged to ask questions inside as well as outside the class so that their difficulties are sorted out and they are benefitted in the final examinations. Special care is taken when it comes to objective type questions. Question papers of university examinations conducted in the past are preserved in the college library and every teacher makes use of them for guiding the students. Questions banks are prepared on the basis of these question papers which the students find quite handy. Out of the 100 marks per course the institute level assessment marks are awarded out of 20 and the theory papers carry 80 marks in all the courses available in the college except BA-Geography where 30 marks are reserved for practical examination and theory paper carries 50 marks.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound and efficient

The subject teachers distribute evaluated answer books and assignments to students and the grievances, if any, are addressed

by the faculty concerned within a period of 3-4 days. The internal marks are then displayed on the notice board. If any student still has a problem, he/she consults the Principal. As far as university examinations are concerned, there is a well defined mechanism in place for sorting out students' grievances. Generally it takes 7 days' time for correction of name of the student on the examination hall ticket. The students who are not satisfied with the marks obtained in the university examinations are entitled to apply for revaluation within a stipulated period after paying the fee decided by the university. The college collects the amount from such students and deposits it with the university. The university then appoints two examiners afresh to evaluate the answer sheets in question and declares the results within a fortnight or so. There is a Disciplinary Action Committee in the university to deal with malpractices found at the examination centres and its decisions are final and binding upon the miscreants. The entire process carried out there is transparent and every case is settled within a short time.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Programme outcomes (POs) and Programme specific outcomes (PSOs) of the programmes offered by the institution are stated clearly and displayed on the college website which is updated regularly. Teachers as well as students are informed about these at the beginning of the academic year/session. The college prospectus also gives information about the courses offered. The prospectus is also on our website. The course outcomes are written by the concerned faculty members and are maintained in their respective course files. They discuss their COs in class during the introductory lecture. We are planning to upload reports of all the programmes/events conducted by the departments/IQAC/college on the website along with pictures of the same.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The attainment of various outcomes like COs, POs and PSOs is carried out in four stages namely, Planning, Implementation, Evaluation and Action Taken.

Planning:- Various outcomes are defined and a correlation is established between outcomes and tools used. A mapping matrix is prepared in this regard for every CO, PO and PSO in the program including the elective subjects.

Implementation:- An individual faculty member uses different direct tools like Class Tests, University Exam, Assignments, Seminar, etc. for the evaluation of Course outcomes (COs). The Principal evaluates POs and PSOs by using evaluation of COs and Indirect Tools like Surveys/ feedback from Alumni, Parents, Teachers and Students.

Evaluation:- Attainment of all outcomes are calculated and compared with the expected level of attainment decided by the subject teacher for COs and the Principal for POs and PSOs.

Action Taken:- The subject teachers are appreciated in staff meetings for the efforts taken if the attainment matches the expectations. They are suggested the necessary corrective measures if the case is otherwise.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The college conducts series of extension activities every year under the purview of social responsibility. The institute through its NSS Unit, has made remarkable efforts to sensitize its students and teachers about their social obligations. Major activities undertaken are like tree plantation, cleanliness drives, health and hygiene awareness programs in nearby villages, career guidance and awareness about higher education etc. After conducting these activities, students realized that it was their responsibility also to keep the town, the river and surrounding environment clean, and see to it that every citizen gets fresh and unpolluted air to breathe. In health and hygiene awareness programs conducted in nearby villages, villagers were explained the significance of cleanliness and hygienic conditions and what role they play in leading a healthy life during the event. At the same time the NSS Unit of the college work hard during the pandemic Covid -19 for spreading the awareness to wear the Mask, Wash the hands regularly, and Maintain the social distance to avoid getting infected, The people made aware about the government policies regarding the health precaution to be taken during the pandemic by organising the online lectures and seminars too.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institution standing in a sprawling 4.25 acre campus, has adequate physical facilities for teaching-learning such as spacious, ventilated and well illuminated Principal's chamber, computerized office, staff room and classrooms with blackboards/green boards, well developed library automated with software with a good collection of books besides subscription to standard journals and newspapers in Marathi, Hindi and English. It also has provision for reading room, reference and digital section for accessing e-books, ejournals and online open source books. We have a well equipped Geography laboratory with an OHP installed in it in addition to necessary equipments. There are three classrooms out of six having a capacity of 120 each with roof mount LCD projectors and screens. Beside these three we have three more classrooms on the first floor wherein optional subjects are taken care of. We do have a 42-inch LCD TV set which teachers use for showing educational, historical and patriotic films, plays, programmes, etc. Computers with internet facilities and centralized LAN connection are available. We have set up our computer lab with 12 computers exclusively for students' use inside the library to ensure our librarian's close vigil on the ICT facilities being properly used by the students.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The institution has a functional Alumni Association which meets at least once every year. The institution keeps in touch with them so that the present lot of students is benefitted by the experience of their seniors working in various fields. The local Alumni always respond positively to the calls from the college and see to it that the esteem of the college is maintained in the eyes of one and all. They are well aware of the financial condition of the institute and hence they never let us down whenever appealed for any assistance. The alumni contribute to the development of the college in more ways than one. Those who complete post graduation with good percentage of marks are appointed as contributory teachers. They render their services free of charge. Similarly, players and athletes who passed out from the institute in the past take great pride in coaching the current players without accepting a penny in remuneration. Thus, the alumni contribute significantly to the development of the institution through financial and non-financial means.

This year most of the alumni helped the college in door to door service of distribution of masks, spreading awareness about CO

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Since 1991 the institution has achieved good governance through effective leadership for fulfilling its vision and mission. The ethical practices followed at the institute are not only in tune with its vision and mission but encourage a certain value system also.

The Board of Directors of Mohpa Education Society, Mopha is the apex body in the organizational structure of the institution. It works in tandem with the Principal to regulate and maintain an amicable and scholastic environment required for the purpose of education. Then there is a College Development Committee (CDC) to look after the academic and administrative functioning of the institute. To prepare perspective plans of the institution regarding overall development adhering to the Vision and Mission of the institute as well as its academic calendar is the main function of the CDC.

There are various committees working under the IQAC which look after the routine administrative activities of the institution. These committees submit their recommendations to the IQAC, which after deliberations in its regular meetings, decides on implementing them. Thus, every teacher of the institute participates in decision making in some way or the other.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

Academic calendar of the institute is prepared in tune with the calendar published by the university. Department-wise academic calendars are prepared on the same lines and it is seen that everybody follows it religiously. Admission committee is formed under the chairmanship of a senior teacher as soon as results of the 12th standard are declared by the State Education Board, Pune. This year due to pandemic actual class room teaching was not possible for the teachers. Every teaching faculty managed their teaching through online mode. Classwise WhatsApp groups were formed to inform the students about the action plan about the seminars, workshops and guest-lectures to be conducted for them.

Overall, the institute operates at four different levels such as Student, Teacher, Principal and Management. Various forums at the college and society level are made available to them. They are assigned various responsibilities as per their strengths/capabilities assessed by the Principal as the head of

the institute. Involvement of the teaching faculty is also tested during execution of specific tasks assigned.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

Ours is an Institute where we receive salary grant for UG programme and two PG programmes are 'self financed' ones. Moreover, we are registered with the UGC under 2(f) & 12(B). Funds received from the UGC are utilized on the stipulated heads only. Only other source of income available to us is fees collected from PG students. The major part of fees collected is utilized towards salary of Teaching Staff (PG). All other expenses are also met from collected fees only. The alumni of the college also raise funds by themselves and donate necessary goods to the institute. Besides this the teachers and non-teaching staff put up their hand

at the time of exigencies. When funds of larger quantum are required our apex Governing Body - Mohpa Education Society, Mohpa is consulted. More often than not a Charitable Trust- Bar. Wankhede 56th Moreover, the institute has signed two MOUs – one with a Government Organization and another with an NGO for a term of five years. Both the organizations have agreed to organize at least two community outreach programmes every year in collaboration with the college and spend upto Rs. 5000/- each.

- **Excellence** – We promote continuous improvement; encourage departmental coordination, creativity, innovation and collaboration among students as well as faculty.
- **Teamwork** – Teamwork enables us to accomplish tasks faster and more efficiently than tackling work individually. Cooperating together on various tasks reduces workloads for all members of association by enabling them to share responsibilities or ideas.
- **Encouragement** – Encouragement provides quantitative thinking, effective communication, ethical decision making. A motivated workforce means a highly productive staff, which will help us to achieve organizational goals.
- **Value Based Ethics** – We continuously assess and enhance our policies, establish and impart characterized and explained objectives and targets, ensure that our work increases the value of the college and society.
- **Transparency** – We believe in having complete transparency at all levels of hierarchy to promote a healthier working atmosphere to all. We are engaged towards developing an atmosphere where every member takes responsibility for personal and professional growth and development.
- **Honesty** – We focused on trustworthiness and honesty to ensure that all people of association recognize benefits of honesty and to ensure academic execution is processed dependably.

Part B

CURRICULAR ASPECTS

1.1 - Curricular Planning and Implementation

1.1.1 - The Institution ensures effective curriculum delivery through a well planned and documented process

The curriculum is designed by Rashtrasant Tukadoji Maharaj Nagpur University, Nagpur to which this institution is affiliated. Naturally we follow the syllabi prescribed by it in all the subjects. Ensuring effective curriculum delivery through a well planned and documented process is the primary concern of the institution for which the following initiatives are taken:-

1. A staff meeting is convened by the Principal in the beginning of every academic year to devise strategies for effective implementation of the curriculum. An academic calendar of the college is prepared in accordance with the one given by the university. Workload is distributed among teachers as per the existing norms and time table for the year is prepared.

2. The Principal ensures that the teachers prepare annual teaching plan, maintain a daily diary and strictly adhere to the academic calendar prepared by the Institution and curriculum is completed well within time.

3. Audiovisual aids are frequently used in the classroom and library for making the teaching learning activity interesting and student friendly.

4. Periodic tests are conducted, assignments are given and viva-voce are taken to assess student's progress. Quality reading material is provided to students besides books recommended by the university.

1.1.2 - The institution adheres to the academic calendar including for the conduct of

Continuous Internal Evaluation (CIE)

The college prepared the academic calendar in the beginning of the academic session, got it approved by the IQAC and displayed it on the college notice board for information of the students. The tentative dates of unit tests, curricular as well as cocurricular activities, inter class sports tournaments, university examinations, holidays and vacations, etc. are mentioned therein. However, some activities had to be dropped from it this year because of the irregular attendance of the students. The subject wise teaching plan was designed and followed both in online and offline mode. The courses were completed to the satisfaction of the students in due time. The students were given enough time for preparing themselves for the university examinations.

1.3 - Curriculum Enrichment	

1.3.1 - Institution integrates crosscutting issues relevant to Professional Ethics, Gender, Human Values, Environment and Sustainability into the Curriculum

The institution regularly organizes birth and death anniversaries of eminent national personalities to imbibe human values in the students. Programmes on social issues such as human rights, civic responsibilities, cleanliness, climatic changes, nutrition, etc. are also organized. Educational tours are organized and surveys are conducted as part of the curriculum. Blood donation camp, road safety camp, de-addiction camp, etc. are organized. AIDS awareness Day, World No Tobacco Day, Samvidhan Day, etc. are celebrated every year.

Taking the present social condition and the increasing atrocities on female citizens into account, students are given basic training of karate for self-defence. Tree plantation is a regular feature of the institute. Maintaining garden of medicinal plants is one of our best practices.

2.2 - Catering to Student Diversity

2.2.1 - The institution assesses the learning levels of the students and organizes special Programmes for advanced learners and slow learners

Students are admitted through interview process and teachers get a general idea of the students there itself. The heterogeneous background of the students poses a real challenge to teachers which they accept readily.

Teachers give special attention to assess the learning levels of the students in the initial period in every academic year and devise strategies to address the issue of students' diversity. Once the slow learners, average learners and advanced learners are identified, they are given assignments and advice as per their level. Extra classes are taken for slow learners. Tutorials are conducted in small batches in subjects like English. Advanced learners are also taken help of to encourage the slow and average learners.

Above average and advanced learners are encouraged to come forward and express themselves in different situations inside the classroom as well as outside it. They are given ample opportunities to participate in co-curricular and extracurricular activities at different levels. They are provided with all possible facilities like books, magazines, computers and internet, expertise from outside faculties.

However, irregular attendance of the students because of the fear of pandemic continued to disturb the otherwise smooth teaching-learning process.

2.3 - Teaching- Learning Process

2.3.1 - Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences

Response:

Students are the main stakeholders in the entire education system and hence it is highly imperative that the methods of imparting knowledge are student centric. The students find the traditional lecture method mundane, monotonous and teacher centric. In our college the teachers are more of facilitators than instructors.

Experimental Learning: It is an age old truth that the things/skills you learn through experiments serve you through your lifetime. We divide our classes into small groups and assign some tasks to the students. Group discussions, topic presentations, etc. help the students understand the subject in a better way and also acquire stage daring.

Participative learning: Students are encouraged to participate in debates, discussions, seminars in the classroom during classes. Objective questions or multiple choice questions are sometimes given to students as a test and they are made to evaluate answer sheets of each other.

Problem solving Method: The students are encouraged to ask questions in order to satisfy their inquisitive appetite. They talk to their peers and try to find out the solution themselves whenever they come across a problem. They approach the teachers only when they are not satisfied with the solution reached at.

2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

Teachers are encouraged to use more and more audio-visual aids to make their subjects interesting and easy for assimilation to students. We have already installed three roof mount projectors besides having one OHP which is moved from one classroom to another where roof mount projectors are not available. Thus all our classrooms are ICT enabled classrooms. We also have a 42 inch LCD TV set which is used by departments of Marathi and History for showing plays and historical films respectively to the students. They are also encouraged to come forward and recite English poetry, to express themselves in English. Students are made to play language games like Lexicon and Word Building to increase their vocabulary. The students are given certain topics for home assignments by the teachers. Geographical equipments are used to make the subject easier and interesting to students. Various workshops and seminars are also organized to keep them updated about the current scenario. Surveys, field trips, study tours, etc. are conducted to offer them opportunities to abreast themselves with the latest developments. Students are asked to view educational programmes on You Tube.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

The college persists with the traditional evaluation methods of conducting oral tests during the class, unit tests and prelims at the end of the academic year before the university examinations besides giving the students home assignments as part of Continuous Internal Evaluation. Their performance is recorded at every stage and corrective measures are suggested. The students are divided into groups and are made to discuss certain problems. They are also encouraged to ask questions inside as well as outside the class so that their difficulties are sorted out and they are benefitted in the final examinations. Special care is taken when it comes to objective type questions. Question papers of university examinations conducted in the past are preserved in the college library and every teacher makes use of them for guiding the students. Questions banks are prepared on the basis of these question papers which the students find quite handy. Out of the 100 marks per course the institute level assessment marks are awarded out of 20 and the theory papers carry 80 marks in all the courses available in the college except BA-Geography where 30 marks are reserved for practical examination and theory paper carries 50 marks.

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time-bound and efficient

The subject teachers distribute evaluated answer books and

assignments to students and the grievances, if any, are addressed by the faculty concerned within a period of 3-4 days. The internal marks are then displayed on the notice board. If any student still has a problem, he/she consults the Principal. As far as university examinations are concerned, there is a well defined mechanism in place for sorting out students' grievances. Generally it takes 7 days' time for correction of name of the student on the examination hall ticket. The students who are not satisfied with the marks obtained in the university examinations are entitled to apply for revaluation within a stipulated period after paying the fee decided by the university. The college collects the amount from such students and deposits it with the university. The university then appoints two examiners afresh to evaluate the answer sheets in question and declares the results within a fortnight or so. There is a Disciplinary Action Committee in the university to deal with malpractices found at the examination centres and its decisions are final and binding upon the miscreants. The entire process carried out there is transparent and every case is settled within a short time.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Teachers and students are aware of the stated Programme and course outcomes of the Programmes offered by the institution.

Programme outcomes (POs) and Programme specific outcomes (PSOs) of the programmes offered by the institution are stated clearly and displayed on the college website which is updated regularly. Teachers as well as students are informed about these at the beginning of the academic year/session. The college prospectus also gives information about the courses offered. The prospectus is also on our website. The course outcomes are written by the concerned faculty members and are maintained in their respective course files. They discuss their COs in class during the introductory lecture. We are planning to upload reports of all the programmes/events conducted by the departments/IQAC/college on the website along with pictures of the same.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The attainment of various outcomes like COs, POs and PSOs is carried out in four stages namely, Planning, Implementation, Evaluation and Action Taken.

Planning:- Various outcomes are defined and a correlation is established between outcomes and tools used. A mapping matrix is prepared in this regard for every CO, PO and PSO in the program including the elective subjects.

Implementation:- An individual faculty member uses different direct tools like Class Tests, University Exam, Assignments, Seminar, etc. for the evaluation of Course outcomes (COs). The Principal evaluates POs and PSOs by using evaluation of COs and Indirect Tools like Surveys/ feedback from Alumni, Parents, Teachers and Students.

Evaluation:- Attainment of all outcomes are calculated and compared with the expected level of attainment decided by the subject teacher for COs and the Principal for POs and PSOs.

Action Taken:- The subject teachers are appreciated in staff meetings for the efforts taken if the attainment matches the expectations. They are suggested the necessary corrective measures if the case is otherwise.

3.3 - Extension Activities

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The college conducts series of extension activities every year under the purview of social responsibility. The institute through its NSS Unit, has made remarkable efforts to sensitize its students and teachers about their social obligations. Major activities undertaken are like tree plantation, cleanliness drives, health and hygiene awareness programs in nearby villages, career guidance and awareness about higher education etc. After conducting these activities, students realized that it was their responsibility also to keep the town, the river and surrounding environment clean, and see to it that every citizen gets fresh and unpolluted air to breathe. In health and hygiene awareness programs conducted in nearby villages, villagers were explained the significance of cleanliness and hygienic conditions and what role they play in leading a healthy life during the event. At the same time the NSS Unit of the college work hard during the pandemic Covid -19 for spreading the awareness to wear the Mask, Wash the hands regularly, and Maintain the social distance to avoid getting infected, The people made aware about the government policies

regarding the health precaution to be taken during the pandemic by organising the online lectures and seminars too.

INFRASTRUCTURE AND LEARNING RESOURCES

4.1 - Physical Facilities

4.1.1 - The Institution has adequate infrastructure and physical facilities for teaching- learning. viz., classrooms, laboratories, computing equipment etc.

The institution standing in a sprawling 4.25 acre campus, has adequate physical facilities for teaching-learning such as spacious, ventilated and well illuminated Principal's chamber, computerized office, staff room and classrooms with blackboards/green boards, well developed library automated with software with a good collection of books besides subscription to standard journals and newspapers in Marathi, Hindi and English. It also has provision for reading room, reference and digital section for accessing e-books, ejournals and online open source books. We have a well equipped Geography laboratory with an OHP installed in it in addition to necessary equipments. There are three classrooms out of six having a capacity of 120 each with roof mount LCD projectors and screens. Beside these three we have three more classrooms on the first floor wherein optional subjects are taken care of. We do have a 42-inch LCD TV set which teachers use for showing educational, historical and patriotic films, plays, programmes, etc. Computers with internet facilities and centralized LAN connection are available. We have set up our computer lab with 12 computers exclusively for students' use inside the library to ensure our librarian's close vigil on the ICT facilities being properly used by the students.

5.4 - Alumni Engagement

5.4.1 - There is a registered Alumni Association that contributes significantly to the development of the institution through financial and/or other support services

The institution has a functional Alumni Association which meets at least once every year. The institution keeps in touch with them so that the present lot of students is benefitted by the experience of their seniors working in various fields. The local Alumni always respond positively to the calls from the college and see to it that the esteem of the college is maintained in the eyes of one and all. They are well aware of the financial condition of the institute and hence they never let us down whenever appealed for any assistance. The alumni contribute to the development of the college in more ways than

one. Those who complete post graduation with good percentage of marks are appointed as contributory teachers. They render their services free of charge. Similarly, players and athletes who passed out from the institute in the past take great pride in coaching the current players without accepting a penny in remuneration. Thus, the alumni contribute significantly to the development of the institution through financial and non-financial means.

This yearmost of the alumni helped the college in door to door service of distribution of masks, spreading awareness about CO

GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 - Institutional Vision and Leadership

6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution

Since 1991 the institution has achieved good governance through effective leadership for fulfilling its vision and mission. The ethical practices followed at the institute are not only in tune with its vision and mission but encourage a certain value system also.

The Board of Directors of Mohpa Education Society, Mopha is the apex body in the organizational structure of the institution. It works in tandem with the Principal to regulate and maintain an amicable and scholastic environment required for the purpose of education. Then there is a College Development Committee (CDC) to look after the academic and administrative functioning of the institute. To prepare perspective plans of the institution regarding overall development adhering to the

Vision and Mission of the institute as well as its academic calendar is the main function of the CDC.

There are various committees working under the IQAC which look after the routine administrative activities of the institution. These committees submit their recommendations to the IQAC, which after deliberations in its regular meetings, decides on implementing them. Thus, every teacher of the institute participates in decision making in some way or the other.

6.2 - Strategy Development and Deployment

6.2.1 - The institutional Strategic/ perspective plan is effectively deployed

Academic calendar of the institute is prepared in tune with the calendar published by the university. Department-wise academic calendars are prepared on the same lines and it is seen that everybody follows it religiously. Admission committee is formed under the chairmanship of a senior teacher as soon as results of the 12th standard are declared by the State Education Board, Pune. This year due to pandemic actual class room teaching was not possible for the teachers. Every teaching faculty managed their teaching through online mode. Classwise WhatsApp groups were formed to inform the students about the action plan about the seminars, workshops and guest-lectures to be conducted for them.

Overall, the institute operates at four different levels such as Student, Teacher, Principal and Management. Various forums at the college and society level are made available to them. They are assigned various responsibilities as per their strengths/capabilities assessed by the Principal as the head of the institute. Involvement of the teaching faculty is also tested during execution of specific tasks assigned.

6.4.3 - Institutional strategies for mobilization of funds and the optimal utilization of resources

Ours is an Institute where we receive salary grant for UG programme and two PG programmes are 'self financed' ones. Moreover, we are registered with the UGC under 2(f) & 12(B). Funds received from the UGC are utilized on the stipulated heads only. Only other source of income available to us is fees collected from PG students. The major part of fees collected is utilized towards salary of Teaching Staff (PG). All other expenses are also met from collected fees only. The alumni of the college also raise funds by themselves and donate necessary goods to the institute. Besides this the teachers and non-teaching staff put up their hand at the time of exigencies. When funds of larger quantum are required our apex Governing Body - Mohpa Education Society, Mohpa is consulted. More often

than not a Charitable Trust- Bar. Wankhede 56th Moreover, the institute has signed two MOUs – one with a Government Organization and another with an NGO for a term of five years. Both the organizations have agreed to organize at least two community outreach programmes every year in collaboration with the college and spend upto Rs. 5000/- each.
